

3M - Fiberglass Fillers, Resins, and Hardeners

new

BONDO® BONDO-GLASS® FIBERGLASS REINFORCED FILLER

3M

- Twice as strong as regular body filler
- Half-inch, interlocking fiberglass strands create strength and make Bondo® Glass the ideal filler for repairing small (dime size or smaller) holes or rust-outs
- The fiberglass strands in the filler allow you to cover holes and eliminate the need for backing strips, fiberglass mat, or cloth
- Make repairing small holes easy with Bondo® Glass
- Works great on boats!
- Sandable in only 20 minutes and compatible with all paint systems
- Waterproof
- Includes Red Cream Hardener

BONDO® BONDO-GLASS® FIBERGLASS REINFORCED FILLER

3M

- Bondo® Fiberglass Resin is the same high-strength polyester resin that is used to build most boats
- Can be used alone or with fiberglass tape, cloth or mat to repair damaged fiberglass boats, snowmobiles, jet skis, bathtubs and showers
- Can also be used as a sealer on damaged and rotted wood
- Seals concrete, is great on large or small metal rust-outs and joins most surfaces together while creating a strong and long lasting bond
- Sandable in less than 2 hours
- Compatible with all paints, including gel coat and marine paints
- Waterproof. Includes Liquid Hardener.
