WELCOME TO ENCORE

OUR PROMISE

We will maintain a competitive edge in quality, service and productivity while providing the best total value to you.

OUR GOAL

Encore Plastics Corporation will remain committed to our customers and will work together as a team to maintain the following value:

- Customers are the focus of everything we do. Our commitment is to understand and meet our customer's requirements the first time and every time.
- Employees are the strength of the company. We have made it a priority to hire the most qualified and loyal work force. We will work together as a team, treating each other with integrity, trust, and respect. We will provide a clean, safe work place where jobs are challenging and accomplishments are recognized.
- Quality of products, environment and work life is our foundation.
- Engineered innovation and creative development are our building blocks.
- Continuous improvement and the elimination of unnecessary costs are our way of life. Our culture and structure will promote communication, participation and involvement.
- Profits are key to our survival and growth. We will achieve a fair return on our investment and a competitive edge by being the low cost provider.

LOOK for the recycled symbol.

UTILITY CONTAINERS & PAILS

- Unless the color is specified, colors may vary.
- Available in 5 convenient sizes.
- The 5 quart and 10 quart pails are now available in the Ringfree™ design which eliminates the need for the hidden metal ring and allows the pails to be easily recycled.
- Each size can be preprinted with your custom logo, trademark or promotional message.
- The 5 quart Springform™ pails are now available in both standard weight and heavy weight wall thickness.
- Solvent resistant.
- Perfect for cleaning brushes.
- The utility pails are ideal for mixing a gallon of paint with other colors.

Case Cube: 5.372

PAIL LINERS

- Our pail liner is a rugged, form-fitted plastic liner, which is thermoformed using durable polyethylene. Its seamless design of thick and evenly constructed walls and heavy contoured bottom help protect against leaks and spillage thus minimizing the risk of environmental contamination. Our pail liners can be used with liquids, pastes, or powders of varying density or viscosity. It is important to note that pail liners encourage easy and safe waste disposal, a "must" in today's industrial and manufacturing environments.

05115

5 Quart Pail Liner

Case Count: 100
Case Weight: 9.6
Case Cube: 1.814

05150

Case Cube: 1.40

INDUSTRIAL PAILS

- Encore pails are molded from a low melt HDPE to ensure the best possible impact strength and resistance to cracking. Encore quality pails provide high standard shipping capabilities, eliminating danger of product contamination or loss. Encore pails are widely used for paints, coatings, varnishes, water sealants, concrete patching compounds, asphalt coatings, printing inks, soaps and detergents.

- Custom colors are available where quantities warrant.
- High visibility offset graphics available. Maximum of four color sidewall print.

Custom colors are available.

LIDS 3.5 & 5 GALLON PAILS

- **Tear-Strip Lid** - Secure and tamper-resistant, manufactured to provide protection of the contents through handling, storage and transportation. When the product reaches its final destination, the cover can be easily removed with out cutting tools. Simply break the tab, strip off the edge and open by hand.
- **Snap On Lid** - Planned for dry, lightweight products requiring constant access, this non-gasket cover is easily removed and resealed. The simple "on and off" design is also available in low-density polyethylene for even easier cover removal.

A red Durango caulking gun is positioned diagonally across the left side of the page. It has a black trigger and a silver-colored metal tube. Below the gun, a pair of black metal spurs with sharp, star-shaped teeth is visible. The background of the advertisement is a dark, textured surface with a subtle pattern of leaves and branches.

WELCOME to the ROUND-UP

Encore is proud to offer our full line
of **DURANGO™** Caulking Guns.

Our full line commitment offers a wide variety of styles for both the Professional and the Do-it-Yourselfer. DURANGO™ caulking guns are manufactured from top quality materials and offer a wide range of features and benefits, which provide a unique combination of price and quality sure to set a new standard for value. Combining your DURANGO™ caulking gun order with other Encore products will help to maximize your purchasing position, significantly increase your margins and help to eliminate the need for multiple vendors.

The new gun in town, DURANGO™, pledges to maintain a competitive edge in quality, service and product selection while providing the best total value to you and your customers.

Your have found the smoking gun.
