The color GREEN™ is a trademark of The Wooster Brush Company.

We are The Wooster *Brush* Company, but we've always made superior *roller* frames.

Big Ted™

The most reliable roller frame for 2¼" jumbo-diameter 9" covers. Heavy-duty cage has 6 crimped wires and professional nylon endcaps for full support of the big rollers. Chrome-plated 5/16" shank with a popular 90-degree angle. Comfortable polypropylene threaded grip, Sherlock GT® compatible.

Deluxe Magikage

It's the perfect price-point professional frame, with performance features and cost-saving components in one. Sturdy 5-wire cage, polypropylene endcaps. Chrome-plated 1/4" shank. Comfortable polypropylene threaded grip, Sherlock GT compatible.

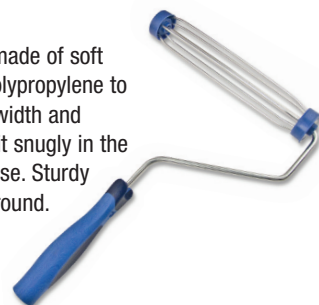

15 Degree

Compact design fits inside a 5-gallon bucket with the lid closed—saves painters startup and cleanup time. Chrome-plated 5/16" shank has a 15-degree angle for balanced center of gravity. Sturdy 5-wire cage with nylon endcaps keeps the roller cover round. Full-size polypropylene threaded grip, Sherlock GT compatible.

501™ Frame

Two-tone blue Shergrip® handle is made of soft elastomeric material and durable polypropylene to add comfort while painting. Larger width and thumb groove to improve grip and fit snugly in the hand. Threaded for extension pole use. Sturdy 5-wire cage keeps the roller cover round. Galvanized 1/4" shank, blue polypropylene endcaps.

Magikage® Ninety

Chrome-plated 5/16" shank with a popular 90-degree angle. Sturdy 5-wire cage, nylon endcaps. Comfortable polypropylene threaded grip, Sherlock GT compatible.

Utility

Good-quality paint roller frame with a 5-wire cage to keep the roller cover round. Galvanized 1/4" shank, polypropylene endcaps. Polypropylene grip, threaded for extension pole use.

Ex Magikage

The Wooster roller frame with the most built-in reach, it has a chrome-plated 5/16" shank and measures 18" long. Sturdy 5-wire cage with nylon endcaps. Comfortable polypropylene threaded grip, Sherlock GT compatible.

Magikage Trafficage

Perfect for lines, edging, and trim work. Sturdy 5-wire cage, built like standard 9" frames, keeps the roller cover round. Galvanized 1/4" shank, polypropylene endcaps and threaded grip.
