

*Proudly Serving the Paint,
Industrial, Marine, Auto and
Jan-San Industries Since 1929.*

www.BuffaloIndustries.com

Buffalo has been “green” since long before the term was coined.

Recycling and sustainability are the base upon which our business was founded. For over 80 years, we’ve been producing quality recycled and new cloth rags for the Paint, Industrial, Marine, Automotive and Janitorial markets. Our company helps to keep millions of pounds of textiles out of the waste stream every year.

In spite of recent challenges experienced globally, Buffalo remains strong and continues to grow. We have made investments in our future today to ensure that our product offerings, customer service, sales staff, and warehousing are cutting edge. We have distribution centers in Seattle, Houston, and Atlanta, uniquely positioning us to service the entire country quickly and cost-effectively.

In keeping with our environmental focus, we assist our customers in complying with state and federal EPA regulations by offering an expanded line of oil sorbents to handle spills and containment. We have recently introduced an entire category of “eco-friendly” sorbents manufactured from U.S.-grown cotton and recycled wood fibers. Additionally, our relationship with ENPAC Corporation allows us to make their spill prevention and containment products available to our customers through our network of distributors.

Thank you for browsing our catalog and for your continued business. You can find additional information on our website at ***BuffaloIndustries.com***, including product details and images available for download. For further assistance, please don’t hesitate to contact our customer service: **206-682-9900**. Now, more than ever, we truly are ***“your partner for cleaning and maintenance products”™***.

Protective Clothing & Paint Sundries

Painter's Towels

Undyed, bleached white and used where a colorfast towel is required. Washing and bleaching ensure an absorbent towel.

Size: 14" x 14" Fully hemmed

Material: 100% Cotton

Spray Socks

Keeps paint, resins, overspray and other materials away from the head. Knit spray sock fits snugly around the face. Extra long neck.

Size: One size fits all

Material: Poly/cotton blend

Tack Cloths

Cleans wood, metal, fiberglass, plaster and other materials. Designed to remove dust residue for better adhesion of paints, stains and varnishes.

Size: 18" x 36"

Color: Available in white and tan

Cheese Cloth

Low-linting, ideal for polishing, painting, cleaning and cooking. 2 square yard pack is the perfect size for most applications.

Size: 2 Square yards

Material: 100% Cotton

Shoe & Boot Covers

Non-skid, PE-coated shoe and boot covers provide non-slip protection on most surfaces and a durable barrier against varnish, resins, fiberglass, paints and most liquids.

Size: One size fits most shoes or boots

Material: Polyethylene-coated polypropylene

Protective Sleeves

Special lamination process allows a high level of protection from varnish, resins, fiberglass, paints and sanding dust.

Size: 18" long

Material: Polyethylene-laminated polypropylene

Protective Hoods

Guard the head from varnish, resins, fiberglass, paints, sanding dust and most liquids. Elasticized for comfort and proper fit. Snap closure.

Size: One size fits all

Material: Polyethylene-laminated polypropylene

Lead Abatement Coveralls

Protection from airborne lead paint particulates produced by chipping, scraping or sanding. Breathable, 3-layer material. These coveralls provide attached hood and booties, a 2-way zippered front with flap, elastic wrists, ankles and waist, plus convenient front and back pockets. All sizes available with hoods and booties only.

The EPA has instituted the Lead-based Renovation, Repair and Painting Program (RRP) which affects contractors, property managers, and others who work on or around painted surfaces on residential houses, apartments, and child-occupied facilities such as schools and day care centers built before 1978.

Buffalo Industries now offers a disposable coverall program that can assist your company with compliance of OSHA CFR 1926.62.

Compliant, disposable coveralls are necessary to keep the lead paint particulates from coming in contact with underlying clothing and being transported accidentally out of a protected work area. Buffalo's Lead Abatement Coveralls are one component needed in order to be compliant with the RRP and should be used in conjunction with other protective devices such as gloves, respirators etc.

Sizes: M 38-40, L 42-44, XL 46-48, XXL 50-52, XXXL 54-56

(All available with hoods and booties only.)

Material: Polyethylene-laminated Polypropylene

Microporous Coveralls

Specialized lamination process allows maximum breathability while offering a high level of protection from varnish, resins, fiberglass, paints and sanding dust. These highly chemical resistant coveralls offer a 2-way zippered front, elastic wrists, ankles and waist, plus convenient front and back pockets. A cost-effective alternative to Tyvek®. All sizes available with hoods only.

Sizes: M 38-40, L 42-44, XL 46-48, XXL 50-52, XXXL 54-56, XXXXL 58-60

(All available in hooded only.)

Material: Polyethylene-laminated Polypropylene

SMS Coveralls

Contractor-grade, three-layer SMS offers an ideal combination of breathability and protection from paint and particulates. SMS material guards against liquids, sprays, powders, fiberglass and sanding dust. Zip-front, elastic wrists, ankles and waist. Non-hooded and hooded (elasticized).

"Universal Size" SMS Coveralls feature hoods, 2-way zippered fronts, and both front and back pockets.

Sizes: M 38-40, L 42-44, XL 46-48, XXL 50-52, XXXL 54-56, XXXXL 58-60

(All available in hooded and non-hooded.)

UNIVERSAL SIZE, Hooded (XL 46-48)

Material: Three layer polypropylene

Polypro Coveralls

Economy-grade paint and particulate barrier. Lightweight protection against liquids, sprays, powders and sanding dust. Zip-front, collar, elastic wrists, ankles and waist. Non-hooded and hooded (elasticized).

Sizes: M 38-40, L 42-44, XL 46-48, XXL 50-52, XXXL 54-56, XXXXL 58-60

(All available in hooded and non-hooded.)

Material: Polypropylene

Shop Towels (Red)

Excellent grease and oil rag around the auto, garage and home. Washed, dyed, and dried to assure a quality product. Machine washable.

Size: 14" x 14" Fully hemmed

Material: 100% Cotton

Marine Shop Towels (White)

Bleached white. Ideal for engine work, hydraulic repairs and general maintenance. Color-free, durable and machine washable.

Size: 14" x 14" Fully hemmed

Material: 100% Cotton

Car Wash Towels

Extra thick, super absorbent and soft enough to wash or dry even the finest automotive finishes. Machine washable.

Size: 15" x 17" Fully-hemmed

Material: 100% Cotton

Used Coveralls

The perfect solution for an economical and heavy-duty coverall. The same coveralls seen in industrial applications and garages. Rental services don't want to rent coveralls with small holes or paint stains, so Buffalo offers them to you at a great savings, in a full range of sizes. Available both loose packed and in individual, zippered poly bags. Colors and fabric type will vary.

Sizes: M 40-42, L 44-46, XL 48-50, XXL 52-54

Material: Cotton and cotton/poly blends

Moving Pad

Jumbo-sized, heavy-duty moving pad. Thick padding makes it ideal for car trunks and SUV cargo areas, as well as an emergency ground cloth, fender or seat cover. Quilted, with bound edges. Machine washable.

Sizes: 72" x 80"

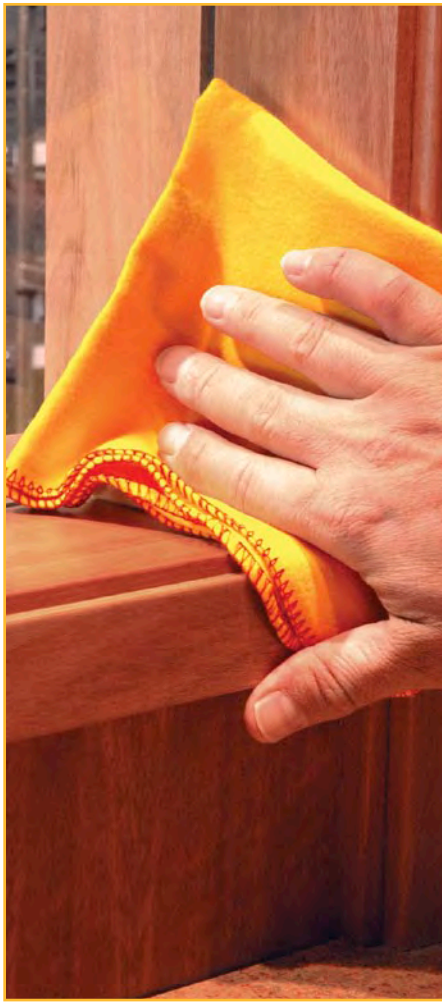

Covering: Polypropylene, edge-bound

Filling: Polypropylene

100% Recycled

Cleaning Cloths

Glass Towels

100% cotton, ideal low-linting, non-streaking product for windows, mirrors, glassware and other surfaces. All white. Machine washable.

Size: 18" x 18" Fully hemmed

Material: 100% Cotton

Janitorial Glass Towels

Commercial-grade 100% cotton, low-linting, non-streaking product for cleaning restrooms, offices and kitchens. All white. Machine washable.

Size: 18" x 18" Fully hemmed

Material: 100% Cotton

Polishing Cloths

Made from the finest 100% cotton knit material. Soft enough to be used in the most delicate cleaning or polishing applications. Ideal for automotive, marine or household applications. Bleached white and fully-hemmed to create the softest 2-ply cloth available. Machine washable.

Size: 11" x 17" Fully hemmed

Material: 100% Cotton

Flannel Dust Cloths

100% cotton flannel material, won't mar or scratch fine surfaces. Ideal for automotive and household dusting, polishing, and cleaning. Machine washable.

Size: 13" x 24" Fully hemmed

Material: 100% Cotton

Marine Large Bilge Oil Boom

Absorbs oil, fuel and hydraulic fluid. Will not absorb water. Ideal for bilges, sumps, drains and basins. Easy to store and use. Lint-free. Won't shed.

Absorbs up to 2.8 gallons.

Size: 19" x 6" Diameter

Material: 100% Polypropylene Fill

Marine Oil Sorbent Sock

Absorbs oil, fuel and hydraulic fluid. Will not absorb water. Ideal for engines, docks and marinas, sumps, hydraulic systems. Easy to store and use. Absorbs and contains spills. Lint-free. Won't shed. Absorbs up to 1.3 gallons.

Size: 48" x 3" Diameter

Material: 100% Polypropylene Fill

Eco-Friendly Oil Sorbent Pads

An eco-friendly oil sorbent line that's better for our environment, outperforms comparable sorbents in both strength and absorbency, and provides long term cost control. Manufactured using 75% to 95% natural renewable and recycled resources. The primary ingredient is 100% U.S. grown cotton; the balance is a mixture of recycled ingredients and specific additives designed to optimize performance. Made using the newest in energy-saving technology.

Fast Facts About Sorbents

- **Oil-Only** sorbents absorb oil-based fluids such as motor oil and hydraulic/transmission fluid.
- **Universal** (Gray) sorbents absorb all oil- and water-based fluids, including paint, solvents, and acids.
- **Pads** are economical, easy to apply, and easily picked up after spills.
- **Rolls** are best used for large spills and high traffic areas.
- **Booms and Socks** are for spill containment on water and land, or around drains and equipment.
- **Meltblown** sorbents are the most economical product available.
- **Sonic Bonding** adds strength and durability to pads and rolls.
- **Lamination** produces a no-lint sorbent which is best used on rough and/or irregular surfaces.
- **Fine Fiber** sorbents are near no-lint and offer great absorbency.

Full freight allowed and prepaid on \$1000.00 or more.
Minimum order \$100.00 (F.O.B. Buffalo Dock)

CLAIMS - Claims for concealed shortages or errors in shipment must be made within 15 days of receipt of goods. If the claim refers to carton shortages for shipments that have been received and re-taped by the carrier, then a copy of the signed freight bill should be enclosed with your claim.

RETURNS - Prior written authorization must be obtained from the Seattle Office. All returns are subject to a 15% restocking charge. Product must be in original box and in saleable condition.
