

THE SIMPLE WAY TO ADD A GRIP TO ANY TOOL OR HANDLE.

No gluing or heating, Re-Grip® uses strong, durable material to provide a safe and comfortable non-slip grip to any tool, handle, lever and more. With its special patented design, Re-Grip is easy for anyone to install. The elastic grip is held extended by an inner coil, forming a tube that fits over the handle. The user simply pulls a tab at the bottom to unwind the coil allowing the grip to shrink and compress securely to size.

SIMPLY SLIP, ZIP, RE-GRIP.

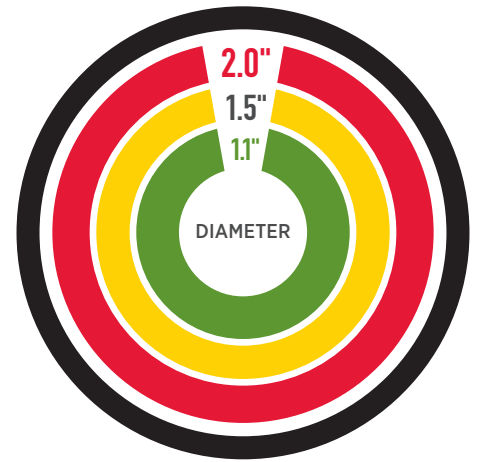

THE PERFECT SOLUTION

Re-Grip is a truly diverse product. It can be installed on thousands of tools, levers, sporting goods, construction equipment, and more. The Re-Grip is designed with ergonomics in mind, helping you minimize physical stress or injury by giving you a more secure grip. By absorbing and redistributing energy during use, the Re-Grip increases your personal safety while providing maximum comfort.

AVAILABLE IN 3 SIZES

SMALL GRIP

.68" - 1.1"
(17mm) - (28mm)

PN36-7BL-001

MEDIUM GRIP

.79" - 1.5"
(20mm) - (38mm)

PN44-7BL-001

LARGE GRIP

.98" - 2.0"
(25mm) - (51mm)

PN61-7BL-001

Re-Grip handles, which are all 7-inches in length (pre-stretched), are available in three different sizes. The range in diameters are easy to identify with color-coded inner coils. Simply select the Re-Grip with the smallest size diameter that will fit over your tool, handle or lever.
